

Our service contract offer is based on competence and experience built up over many years working in your industry. Combined with extensive knowledge about cleaning applications and the cleaning industry in general, we feel confident that the service contracts we offer cover the needs of our customers. We understand that the key to success for our customers is to minimise machine down time. When signing a service contract with us you will benefit from our preventive maintenance programme, keeping your Nilfisk-Advance machine in first class working condition.
